

A wooden play structure with a brown roof and a grey climbing wall. The structure features a red slide, a wooden ladder, and a grey climbing wall with colorful handholds. The play area is set on a red rubber mat.

Technical drawing of a building section showing dimensions and structural elements:

- Total Width:** 7400 (~ 7500)
- Total Height:** 4900 (~ 5000)
- Red Pipe Dimensions:**
 - Diameter: $d = \varnothing 14$
 - Length: 2800
- Other Dimensions:**
 - Horizontal distance from left wall to pipe start: 2000
 - Vertical distance from top floor level to pipe centerline: 1500
 - Horizontal distance from pipe end to right wall: 1500
 - Vertical distance from top floor level to ceiling height: 1050
 - Width of room above pipe: 1100
 - Height of room above pipe: 1500
- Structural Elements:** A staircase is shown below the red pipe.
